# RISK/RETURN SUMMARY

## INVESTMENT OBJECTIVE

The Lyrical U.S. Value Equity Fund (the “Fund”) seeks to achieve long-term capital growth.

## FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

### Shareholder Fees *(fees paid directly from your investment)*

	<b>Investor Class</b>	<b>Institutional Class</b>
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None	None
Maximum Contingent Deferred Sales Charge (Load) .....	None	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends .....	None	None
Exchange Fee .....	None	None
Redemption Fee .....	None	None

### Annual Fund Operating Expenses

*(expenses that you pay each year as a percentage of the value of your investment)*

	<b>Investor Class</b>	<b>Institutional Class</b>
Management Fees .....	1.25%	1.25%
Distribution (12b-1) Fees .....	0.25%	None
Other Expenses .....	0.22%	0.12%
Total Annual Fund Operating Expenses .....	<u>1.72%</u>	<u>1.37%</u>

### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and the operating expenses of the Fund remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

<b>Class</b>	<b>1 Year</b>	<b>3 Years</b>	<b>5 Years</b>	<b>10 Years</b>
Investor	\$ 173	\$ 540	\$ 931	\$ 2,029
Institutional	\$ 139	\$ 434	\$ 750	\$ 1,646

## **Portfolio Turnover**

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in Annual Fund Operating Expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 39% of the average value of its portfolio.

## **PRINCIPAL INVESTMENT STRATEGIES**

The Fund seeks to achieve its investment objective by investing principally in a diversified portfolio of common stock of mid-capitalization and large-capitalization companies with low valuations relative to their long-term normalized earnings (i.e. projected earnings adjusted to smooth out cyclical effects in the economy).

Under normal circumstances, the Fund will invest at least 80% of its net assets plus the amount of any borrowings for investment purposes in common stocks traded on a United States (“U.S.”) securities exchange. Lyrical Asset Management LP (the “Adviser”) defines mid-capitalization companies as companies with a total market capitalization of between \$2 and \$10 billion at the time of purchase and large-capitalization companies as companies with a total market capitalization of greater than \$10 billion at the time of purchase.

The Adviser generates an initial pool of potential undervalued investment candidates from among the top 1,000 companies traded in the U.S. (ranked by capitalization) by using a proprietary screening process that looks at historical earnings and estimated future earnings to estimate a fair price for the stock of a company. Each investment candidate then goes through an extensive fundamental research process that has two objectives. First, the Adviser seeks to develop an in-depth understanding of the company’s business, including, without limitation, drivers of growth and profitability, position relative to competitors and competitive advantages, position and leverage with customers and suppliers, historical and potential business threats and opportunities, and management style, objectives and incentives. This process may include, without limitation, financial statements analysis, study of competitors, customers and suppliers, discussions with company management, review of past earnings calls and investor presentations, and some use of sell-side research. Second, the Adviser seeks to understand why the stock of the investment candidate may be undervalued, to determine if the factors depressing the value of the stock are temporary or permanent. The Adviser seeks to make that determination by applying an in-depth understanding of the business and, as necessary, performing additional analysis specific to each company.

At the conclusion of the research/due diligence process, the Adviser seeks to include in the Fund’s portfolio the stocks of companies that the Adviser believes are undervalued, the undervaluation to be temporary, the underlying business to have sufficient quality and durability, and the estimated discount in the stock price to be large enough to compensate for the risks of the investment.

The Adviser sets a target price for each stock in the portfolio that is updated periodically, and when a stock reaches or exceeds its target price, the Adviser's strategy typically requires that the stock be sold. A stock position may also be sold when the Adviser believes other investment opportunities are more attractive or that the stock is unlikely to benefit from current business, market or economic conditions.

## PRINCIPAL RISKS

As with any mutual fund investment, there is a risk that you could lose money by investing in the Fund. The success of the Fund's investment strategy depends largely upon the Adviser's skill in selecting securities for purchase and sale by the Fund and there is no assurance that the Fund will achieve its investment objective. Because of the types of securities in which the Fund invests and the investment techniques the Adviser uses, the Fund is designed for investors who are investing for the long term. The Fund may not be appropriate for use as a complete investment program. The principal risks of an investment in the Fund are generally described below.

**Market Risk.** The return on and value of an investment in the Fund will fluctuate in response to stock market movements. Stocks are subject to market risks, such as a rapid increase or decrease in a stock's value or liquidity, fluctuations in price due to earnings, economic conditions and other factors beyond the control of the Adviser. A company's share price may decline if a company does not perform as expected, if it is not well managed, if there is a decreased demand for its products or services, or during periods of economic uncertainty or stock market turbulence, among other conditions. In a declining stock market, stock prices for all companies (including those in the Fund's portfolio) may decline, regardless of their long-term prospects. During periods of market volatility, stock prices can change drastically, and you could lose money over short or long term periods.

**Large-Capitalization Company Risk.** Large-capitalization companies are generally more mature and may be unable to respond as quickly as smaller companies to new competitive challenges, such as changes in technology and consumer tastes, and also may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.

**Mid-Capitalization Company Risk.** Investments in mid-capitalization companies often involve higher risks than large-capitalization companies because these companies may lack the management experience, financial resources, product diversification and competitive strengths of larger companies. Therefore, the securities of mid-capitalization companies may be more susceptible to market downturns and other events, and their prices may be subject to greater price fluctuations. In addition, in many instances, the securities of mid-capitalization companies are traded only over-the-counter ("OTC") or on a regional securities exchange, and the frequency and volume of their trading is less than is typical of larger companies. Because mid-capitalization companies normally have fewer shares outstanding than larger companies, it may be more difficult to buy or sell significant amounts of such shares without an unfavorable impact on prevailing prices. Mid-capitalization companies are typically subject to greater changes in earnings and business prospects than larger, more established companies and also may not be widely followed by investors, which can lower the demand for their stock.

**Management Style Risk.** The Adviser's method of security selection may not be successful and the Fund may underperform relative to its benchmark index or to other mutual funds that employ similar investment strategies. In addition, the Adviser may select investments that fail to perform as anticipated. The ability of the Fund to meet its investment objective is directly related to the success of the Adviser's investment process and there is no guarantee that the Adviser's judgments about the attractiveness, value and potential appreciation of a particular investment for the Fund will be correct or produce the desired results.

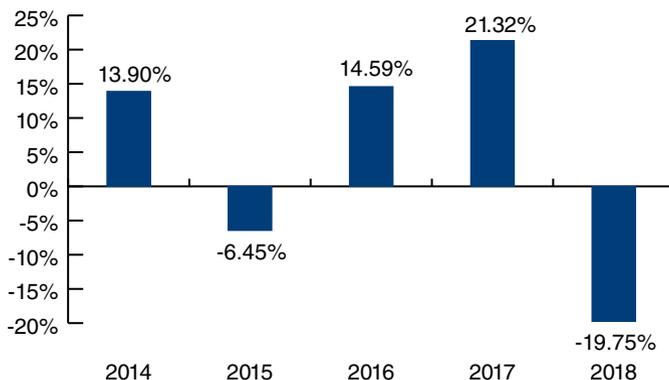

**Sector Risk.** Sector risk is the possibility that securities within the same group of industries will decline in price due to sector-specific market or economic developments. If the Fund invests more heavily in a particular sector, the value of its shares may be sensitive to factors and economic risks that specifically affect that sector. As a result, the Fund's share price may fluctuate more widely than the value of shares of a mutual fund that invests in a broader range of industries or in different sectors. Additionally, some sectors could be subject to greater government regulation than other sectors, which may impact the share price of companies in these sectors.

**Value Stock Risk.** Investments in value stocks present the risk that a stock may decline in value or never reach the value the Adviser believes is its full market value, either because the market fails to recognize what the Adviser considers to be the company's true business value or because the Adviser's assessment of the company's prospects was not correct. Issuers of value stocks may have experienced adverse business developments or may be subject to special risks that have caused the stock to be out of favor. In addition, the Fund's value investment style may go out of favor with investors, negatively affecting the Fund's performance.

## **PERFORMANCE SUMMARY**

The bar chart and table that follow provide some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual total returns for one year, five years, and since inception compare with those of a broad-based securities market index. How the Fund has performed in the past (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated performance information, current through the most recent month end, is available by calling 1-888-884-8099 or by visiting the Fund's website at [www.lyricalvaluefunds.com](http://www.lyricalvaluefunds.com).

## Institutional Class Shares – Annual Total Return Years Ended December 31

The Fund's year-to-date return through December 31, 2018 is (19.75%).

### Quarterly Returns During This Time Period

Highest: 7.37% (quarter ended March 31, 2017)

Lowest: (18.12%) (quarter ended December 31, 2018)

### Average Annual Total Returns (for periods ended December 31, 2018)

	One Year	Five Years	Since Inception (February 4, 2013)
<b>Institutional Class</b>			
Return Before Taxes .....	(19.75%)	3.52%	9.90%
Return After Taxes on Distributions .....	(21.38%)	2.37%	8.79%
Return After Taxes on Distributions and Sale of Fund Shares .....	(10.26%)	2.82%	7.95%
<b>Investor Class</b>			
Return Before Taxes .....	(20.01%)	N/A	3.13%
S&P 500 Index (reflects no deduction for fees, expenses or taxes) .....	(4.38%)	8.49%	11.44%

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown above. After-tax returns shown are not relevant to investors who hold their shares through tax-deferred arrangements, such as a 401(k) plan or an individual retirement account ("IRA"). The after-tax returns are shown for only one class of Fund shares and the after-tax returns for the other class of Fund shares will vary. Return After Taxes on Distributions and Return After Taxes on Distribution and Sale of Fund Shares may be higher than other returns for the same period due to a tax benefit of realizing a capital loss on the sale of Fund shares.

## PURCHASE AND SALE OF FUND SHARES

### Minimum Initial Investment

For Investor Class shares, the minimum initial investment amount for regular accounts is \$2,500.

For Institutional Class shares, the minimum initial investment amount for regular accounts is \$100,000.

### Minimum Additional Investment

Once an account is open, additional purchases of Fund shares may be made at any time in any amount.

### General Information

You may purchase or redeem (sell) shares of the Fund on each day that the New York Stock Exchange ("NYSE") is open for business. Transactions may be initiated by written request, by telephone or through your financial intermediary. Written requests to the Fund should be sent to the Lyrical U.S. Value Equity Fund, c/o Ultimus Fund Solutions, LLC, P.O. Box 46707, Cincinnati, Ohio 45246-0707. For more information about purchasing and redeeming shares, please see "How to Buy Shares" and "How to Redeem Shares" in this Prospectus or call 1-888-884-8099 for assistance.

## TAX INFORMATION

The Fund's distributions are generally taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. Such tax-deferred arrangements may be taxed later upon withdrawal of monies from those arrangements.

## PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES

If you purchase the Fund through a broker-dealer or any other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. These payments are sometimes referred to as "revenue sharing". Ask your salesperson or visit your financial intermediary's website for more information.

# INVESTMENT OBJECTIVE, INVESTMENT STRATEGIES AND RELATED RISKS

---

## Investment Objective

The Fund seeks to achieve long-term capital growth. The Fund's Board of Trustees (the "Board") has reserved the right to change the investment objective of the Fund without shareholder approval upon at least 60 days' prior written notice to shareholders.

## Investment Strategies

The Fund seeks to achieve its investment objective by investing principally in a diversified portfolio of common stock of mid-capitalization and large-capitalization companies with low valuations relative to their long-term normalized earnings (i.e., projected earnings adjusted to smooth out cyclical effects in the economy).

Under normal circumstances, the Fund will invest at least 80% of its net assets plus the amount of any borrowings for investment purposes in common stocks traded on a United States securities exchange. The foregoing policy may be changed upon at least 60 days' prior notice to shareholders. The Adviser defines mid-capitalization companies as companies with a total market capitalization of between \$2 and \$10 billion at the time of purchase and large-capitalization companies as companies with a total market capitalization of greater than \$10 billion at the time of purchase.

The Adviser generates an initial pool of potential undervalued investment candidates from among the top 1,000 companies traded in the U.S. (ranked by capitalization) by using a proprietary screening process that looks at historical earnings and estimated future earnings to estimate a fair price for the stock of a company. The Adviser seeks to make that determination by applying an in-depth understanding of the business and, as necessary, performing additional analysis specific to each company.

At the conclusion of the research/due diligence process, the Adviser seeks to include in the Fund's portfolio the stocks of companies that the Adviser believes are undervalued, the undervaluation to be temporary, the underlying business to have sufficient quality and durability and the estimated discount in the stock price to be large enough to compensate for the risks of the investment.

The Adviser sets a target price for each stock in the portfolio, which is updated periodically, and when a stock reaches or exceeds its target price, the Adviser's strategy typically requires that the stock be sold. A stock position may also be sold when the Adviser believes other investment opportunities are more attractive or that the stock is unlikely to benefit from current business, market or economic conditions.

## Investment Risks

The principal risks associated with the Fund's the principal investment strategies are generally described below. As with any mutual fund investment, there is a risk that you could lose money by investing in the Fund. The success of the Fund's investment strategy depends largely upon the Adviser's skill in selecting securities for purchase and sale by the Fund and there is no assurance that the Fund will achieve its investment objective. ***In addition to the strategies and risks described above, the Fund may invest in other types of securities whose risks are described below or in the Fund's Statement of Additional Information ("SAI").***

***Investments in Money Market Instruments and Temporary Defensive Positions.*** The Fund will typically hold a portion of its assets in cash or cash equivalent securities, including short-term debt securities, repurchase agreements and money market mutual fund shares ("Money Market Instruments"). The Fund may invest in Money Market Instruments to maintain liquidity or pending the selection of investments. From time to time, the Fund also may, but should not be expected to, take temporary defensive positions inconsistent with the Fund's principal investment strategies in an attempt to respond to adverse market, economic, political or other conditions, and in doing so, may invest up to 100% of its assets in Money Market Instruments. When the Fund invests in a money market mutual fund, the shareholders of the Fund generally will be subject to duplicative management fees. To the extent the Fund holds other registered investment companies, including money market mutual funds, the Fund will incur acquired fund fees and expenses (as defined by the Securities and Exchange Commission). Anytime the Fund takes a temporary defensive position, it may not achieve its investment objective.

***CFTC Regulation Risk.*** To the extent the Fund makes investments regulated by the Commodity Futures Trading Commission (the "CFTC"), the Fund intends to do so in accordance with Rule 4.5 under the Commodity Exchange Act, as amended ("CEA"). The

Trust, on behalf of the Fund, has filed a notice of eligibility for exclusion from the definition of the term “commodity pool operator” in accordance with Rule 4.5 and therefore, the Fund is not subject to registration or regulation as a commodity pool operator under the CEA. If the Fund is unable to comply with the requirements of Rule 4.5, the Fund may be required to modify its investment strategies or be subject to CFTC registration requirements, either of which may have an adverse effect on the Fund.

**Portfolio Holdings and Disclosure Policy.** A description of the Fund’s policies and procedures with respect to the disclosure of its portfolio holdings is available in the Fund’s SAI.

## **FUND MANAGEMENT**

---

### **The Investment Adviser**

Lyrical Asset Management LP, with a principal address of 250 West 55th Street, 37th Floor, New York, New York 10019, serves as the investment adviser to the Fund. Pursuant to an Investment Advisory Agreement with the Adviser (the “Advisory Agreement”) for the Fund, the Adviser provides the Fund with a continuous program of investing the Fund’s assets and determining the composition of the Fund’s portfolio. The Adviser was organized in 2008 and also provides investment advisory services to high net worth individuals, institutional investors, and an Undertaking for Collective Investment in Transferable Securities (“UCITS”) fund.

For its services, the Fund pays the Adviser a monthly investment advisory fee (the “Management Fee”) computed at the annual rate of 1.25% of its average daily net assets under the terms of the Advisory Agreement. The Adviser has contractually agreed under an expense limitation agreement with the Fund (the “Expense Limitation Agreement”), until April 1, 2020, to reduce its Management Fee and to reimburse Fund expenses to the extent necessary to limit Total Annual Operating Expenses of the Fund (exclusive of brokerage costs, taxes, interest, borrowing costs such as interest and dividend expenses on securities sold short, costs to organize the Fund, Acquired Fund fees and expenses, and extraordinary expenses such as litigation and merger or reorganization costs and other expenses not incurred in the ordinary course of the Fund’s business) to an amount not exceeding 1.70% of the average daily net assets of the Fund for the Investor Class shares and 1.45% of the average daily net assets of the Fund for the Institutional Class shares. Management Fee reductions and expense reimbursements by the Adviser are subject to repayment by the Fund for a period of three (3) years after the date that such fees and expense were incurred, provided that the repayments do not cause the Fund’s Operating Expenses (exclusive of such reductions and reimbursements) to exceed (i) the expense limitation then in effect, if any, and (ii) the expense limitation in effect at the time the expenses to be repaid were incurred. Prior to April 1, 2020, the Expense Limitation Agreement may not be modified or terminated without the approval of the Board. It is expected that the Expense Limitation Agreement will continue from year-to-year provided such continuance is approved by the Board. The Expense Limitation Agreement may be terminated by the Adviser or the Board, without approval by the other party, at any time

upon not less than 60 days' notice to the other party as set forth in the Expense Limitation Agreement. The Expense Limitation Agreement will terminate automatically if the Fund's Advisory Agreement with the Adviser is terminated. The total Management Fee paid to the Adviser, as a percentage of average net assets, for the fiscal year ended November 30, 2018, was 1.25% for the Fund, net of fee reductions and expense reimbursements.

A discussion of the factors considered by the Board in its approval of the Fund's Advisory Agreement with the Adviser, including the Board's conclusions with respect thereto, is available in the Fund's Annual Report to shareholders for the year ended November 30, 2018.

## **Portfolio Manager**

The following individual has primary responsibility for day-to-day management of the Fund's portfolio:

Andrew Wellington is the portfolio manager of the Fund. Mr. Wellington has been a Managing Partner and the Chief Investment Officer of the Adviser since it was founded in 2008. Prior to joining the Adviser, Mr. Wellington established and managed the New Mountain Vantage Fund, a value-oriented, long-only, activist hedge fund at New Mountain Capital. Before joining New Mountain Capital, Mr. Wellington managed the institutional mid-capitalization value product at Neuberger Berman and was a founding member of Pzena Investment Management, serving as its original research analyst. Mr. Wellington graduated summa cum laude from the Management & Technology dual-degree program at University of Pennsylvania.

The SAI provides additional information about the Portfolio Manager's compensation, other accounts managed by the Portfolio Manager and his respective ownership of shares of the Fund.

## **The Administrator and Transfer Agent**

Ultimus Fund Solutions, LLC ("Ultimus" or the "Transfer Agent"), located at 225 Pictoria Drive, Suite 450, Cincinnati, Ohio 45246, serves as the Fund's administrator, transfer agent and fund accounting agent. Management and administrative services of Ultimus include (i) providing office space, equipment and officers and clerical personnel to the Fund, (ii) obtaining valuations, calculating net asset values ("NAVs") and performing other accounting, tax and financial services, (iii) recordkeeping, (iv) regulatory reporting services, (v) processing shareholder account transactions and disbursing dividends and distributions, and (vi) administering custodial and other third party service provider contracts on behalf of the Fund.

## **The Distributor**

Ultimus Fund Distributors, LLC (the "Distributor"), located at 225 Pictoria Drive, Suite 450, Cincinnati, Ohio 45246, is the Fund's principal underwriter and serves as the exclusive agent for the distribution of the Fund's shares. The Distributor may sell the Fund's shares to or through qualified securities dealers or other approved entities.

The SAI has more detailed information about the Adviser and other service providers to the Fund.

## **DISTRIBUTION PLAN**

---

The Fund has adopted a plan of distribution for its Investor Class shares (the “12b-1 Plan”) in accordance with Rule 12b-1 under the Investment Company Act of 1940, as amended (the “1940 Act”). The 12b-1 Plan allows the Fund to make payments to securities dealers and other financial organizations (including payments directly to the Adviser and the Distributor) for expenses related to the distribution and servicing of the Fund’s Investor Class shares. The annual fees payable under the 12b-1 Plan may not exceed an amount equal to 0.25% of the Investor Class shares’ average daily net assets. Because 12b-1 Plan fees are paid out of the Fund’s assets on an ongoing basis, over time they will increase the cost of your investment and may cost you more than paying other types of sales charges. Expenses related to the distribution and servicing of the Fund’s Investor Class shares may include, but are not limited to, payments to securities dealers and other persons who are engaged in the sale of Investor Class shares of the Fund and who may be advising shareholders regarding the sale or retention of such shares; expenses of maintaining personnel who render shareholder support services not otherwise provided by the Transfer Agent or the Fund; expenses of formulating and implementing marketing and promotional activities, including direct mail promotions and mass media advertising; expenses of preparing, printing or distributing prospectuses and SAIs and reports for recipients other than existing shareholders of the Fund; expenses of obtaining such information, analyses and reports with respect to marketing and promotional activities as the Fund may, from time to time, deem advisable; and any other expenses related to the distribution and servicing of the Fund’s Investor Class shares. The Adviser may make additional payments to financial organizations from its own assets. The payment by the Adviser of any such additional compensation will not affect the expense ratio of the Fund.

## **HOW THE FUND VALUES ITS SHARES**

---

The NAV of the Fund is calculated as of the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time) on each day that the NYSE is open for business. Currently, the NYSE is closed on weekends and in recognition of the following holidays: New Year’s Day, Martin Luther King, Jr. Day, Presidents’ Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. To calculate NAV, the Fund’s assets are valued and totaled, liabilities are subtracted, and the balance is divided by the number of shares outstanding. The Fund generally values its portfolio securities at their current market values determined on the basis of available market quotations. However, if market quotations are not available or are considered to be unreliable due to market or other events, portfolio securities will be valued at their fair values, as of the close of regular trading on the NYSE, as determined in good faith under procedures adopted by the Board. When fair value pricing is employed, the prices of securities used by the Fund to calculate its NAV are based on the consideration by the Fund of a number of subjective factors

and therefore may differ from quoted or published prices for the same securities. To the extent the assets of the Fund are invested in other registered investment companies that are not listed on an exchange the Fund's NAV is calculated based upon the NAVs reported by such registered investment companies, and the prospectuses for these companies explain the circumstances under which they will use fair value pricing and the effects of using fair value pricing.

Your order to purchase or redeem shares is priced at the NAV next calculated after your order is received in proper form by the Fund. An order is considered to be in "proper form" if it includes all necessary information and documentation related to the purchase or redemption request, and, if applicable, payment in full of the purchase amount.

## **HOW TO BUY SHARES**

---

Shares are available for purchase from the Fund every day the NYSE is open for business, at the NAV next calculated after receipt of a purchase order in proper form. The Fund reserves the right to reject any purchase request and/or suspend its offering of shares at any time. Investors who purchase shares through a broker-dealer or other financial intermediary may be charged a fee by such broker-dealer or intermediary. The Fund mails you confirmations of all purchases or redemptions of Fund shares if shares are purchased directly through the Fund. Certificates representing shares are not issued.

### **Choosing a Share Class**

The Fund offers two classes of shares: Investor Class shares and Institutional Class shares. Each share class represents an ownership interest in the same investment portfolio and has the same rights but each class has its own expense structure.

Investor Class shares are subject to 12b-1 Plan fees that permit the Fund to pay distribution fees of up to 0.25% per year to those intermediaries offering Investor Class shares. Institutional Class shares are available without a 12b-1 Plan fee to those investors eligible to purchase such shares. Neither class is subject to a sales charge or redemption fee.

When you choose your class of shares, you should consider the size of your investment. Your financial consultant or other financial intermediary can help you determine which share class is best suited to your personal financial goals. If you qualify to purchase Institutional Class shares, you should purchase them rather than the Investor Class shares because the Investor Class shares have higher expenses than the Institutional Class shares. Although each class invests in the same portfolio of securities, the returns for each class will differ because each class is subject to different expenses.

If you qualify as a purchaser of Institutional Class shares, but your account is invested in Investor Class shares, you may convert your Investor Class shares to Institutional Class shares based on the relative NAV of the two Classes on the conversion date. If you are an Institutional Class shareholder you may convert your shares to Investor Class shares at any time.

## Minimum Initial Investment

For Investor Class shares, the minimum initial investment for regular accounts in the Fund is \$2,500. For Institutional Class shares, the minimum initial investment in the Fund for regular accounts is \$100,000. These minimum investment requirements may be waived or reduced for any reason at the discretion of the Fund.

## Opening an Account

An account may be opened by mail or bank wire if it is submitted in proper form, as follows:

**By Mail.** To open a new account by mail:

- Complete and sign the account application.
- Enclose a check payable to the Fund; please reference Investor Class or Institutional Class to ensure proper crediting to your account.
- Mail the application and the check to the Transfer Agent at the following address:

Lyrical U.S. Value Equity Fund  
c/o Ultimus Fund Solutions, LLC  
P.O. Box 46707  
Cincinnati, Ohio 45246-0707

Shares will be issued at the NAV next computed after receipt of your application, in proper form, and check. All purchases must be made in U.S. dollars and checks must be drawn on U.S. financial institutions. The Fund does not accept cash, drafts, “starter” checks, travelers checks, credit card checks, post-dated checks, non-U.S. financial institution checks, cashier’s checks under \$10,000, or money orders. In addition, the Fund does not accept checks made payable to third parties. When shares are purchased by check, the proceeds from the redemption of those shares will not be paid until the purchase check has been converted to federal funds, which could take up to 15 calendar days from the date of purchase. If an order to purchase shares is canceled because your check does not clear, you will be responsible for any resulting losses or other fees incurred by the Fund or the Transfer Agent in the transaction.

By sending your check to the Transfer Agent, please be aware that you are authorizing the Transfer Agent to make a one-time electronic debit from your account at the financial institution indicated on your check. Your bank account will be debited as early as the same day the Transfer Agent receives your payment in the amount of your check; no additional amount will be added to the total. The transaction will appear on your bank statement. Your original check will be destroyed once processed, and you will not receive your canceled check back. If the Transfer Agent cannot post the transaction electronically, you authorize the Transfer Agent to present an image copy of your check for payment.

**By Wire.** To open a new account by wire of federal funds, call the Transfer Agent at 1-888-884-8099 to obtain the necessary information to instruct your financial institution to wire your investment. A representative will assist you in obtaining an account application, which must be completed, signed and faxed (or mailed) to the Transfer Agent before payment by wire will be accepted.

The Fund requires advance notification of all wire purchases in order to ensure that the wire is received in proper form and that your account is subsequently credited in a timely fashion. Failure to notify the Transfer Agent prior to the transmittal of the bank wire may result in a delay in purchasing shares of a Fund. An order, following proper advance notification to the Transfer Agent, is considered received when U.S. Bank, N.A., the Fund's custodian, receives payment by wire. If your account application was faxed to the Transfer Agent, you must also mail the completed account application to the Transfer Agent on the same day the wire payment is made. See "Opening an Account – By Mail" above. Your financial institution may charge a fee for wiring funds. Shares will be issued at the NAV next computed after receipt of your wire in proper form.

**Through Your Broker or Financial Institution.** Shares of the Fund may be purchased through certain brokerage firms and financial institutions that are authorized to accept orders on behalf of the Fund at the NAV next determined after your order is received by such organization in proper form. These organizations are authorized to designate other intermediaries to receive purchase orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or, if applicable, a broker's authorized designee, receives the order in proper form. These organizations may charge you transaction fees on purchases of Fund shares and may impose other changes or restrictions or account options that differ from those applicable to shareholders who purchase shares directly through the Fund. These organizations may be the shareholders of record of your shares. Such investors should consult with their financial intermediary regarding any commissions and other fees and expenses of the shares being purchased and whether other classes of shares of the Fund may be available on the financial intermediary's platform. The Fund is not responsible for ensuring that these organizations carry out their obligations to their customers. Shareholders investing in this manner should look to the organization through which they invest for specific instruction on how to purchase and redeem shares.

## **Subsequent Investments**

Once an account is open, additional purchases of Fund shares may be made at any time in any amount. Additional purchases must be submitted in proper form as described below. Additional purchases may be made:

- By sending a check, made payable to the Fund, c/o Ultimus Fund Solutions, LLC, P.O. Box 46707, Cincinnati, Ohio 45246-0707. Be sure to note your account number on the memo line of your check. The shareholder will be responsible for any fees incurred or losses suffered by the Fund as a result of any check returned for insufficient funds.

- By wire to the account of the Fund as described under “Opening an Account – By Wire.” Shareholders are required to call the Transfer Agent at 1-888-884-8099 before wiring funds.
- Through your brokerage firm or other financial institution.

## **Automatic Investment Plan and Direct Deposit Plans**

The minimum investments under the automatic investment plan must be at least \$100 under the plan and are made on the 15th and/or last business day of the month. The Transfer Agent currently pays the costs of this service, but reserves the right, upon 30 days written notice, to make reasonable charges. Your depository institution may impose its own charge for making transfers from your account.

Your employer may offer a direct deposit plan which will allow you to have all or a portion of your paycheck transferred automatically to purchase shares of the Fund. Social Security recipients may have all or a portion of their social security check transferred automatically to purchase shares of the Fund. Please call 1-888-884-8099 for more information about the automatic investment plan and direct deposit plans.

## **Purchases in Kind**

The Fund may accept securities in lieu of cash in payment for the purchase of shares of the Fund. The acceptance of such securities is at the sole discretion of the Adviser based upon the suitability of the securities as an investment for the Fund, the marketability of such securities, and other factors that the Fund may deem appropriate. If accepted, the securities will be valued using the same criteria and methods utilized for valuing securities to compute the Fund’s NAV.

## **Customer Identification and Verification**

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person that opens a new account, and to determine whether such person’s name appears on government lists of known or suspected terrorists and terrorist organizations. As a result, the Fund must obtain the following information for each person that opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number, taxpayer identification number, or other identifying number.

You may also be asked for a copy of your driver’s license, passport, or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report

or other electronic database. Additional information may be required to open accounts for corporations and other entities. *Federal law prohibits the Fund and other financial institutions from opening a new account unless they receive the minimum identifying information listed above.*

After an account is opened, the Fund may restrict your ability to purchase additional shares until your identity is verified. The Fund also may close your account or take other appropriate action if they are unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed. In that case, your redemption proceeds may be worth more or less than your original investment. The Fund will not be responsible for any loss incurred due to the Fund's inability to verify your identity.

## **Frequent Trading Policies**

Frequent purchases and redemptions of Fund shares by a shareholder may harm other Fund shareholders by interfering with the efficient management of the Fund's portfolio, increasing brokerage and administrative costs, and potentially diluting the value of the Fund's shares. The Fund does not accommodate frequent purchases or redemptions of Fund shares that result in disruptive trading.

The Board has adopted policies and procedures in an effort to detect and prevent disruptive trading, including market timing in the Fund. The Fund, through its service providers, monitors shareholder trading activity to ensure it complies with the Fund's policies. The Fund prepares reports illustrating purchase and redemption activity to detect disruptive trading activity. When monitoring shareholder purchases and redemptions, the Fund does not apply a quantitative definition to frequent trading. Instead the Fund uses a subjective approach that permits it to reject any purchase orders that it believes may be indicative of market timing or disruptive trading. The right to reject a purchase order applies to any purchase order, including a purchase order placed by financial intermediaries. The Fund may also modify any terms or conditions of purchases of Fund shares or withdraw all or any part of the offering made by this Prospectus. The Fund's policies and procedures to prevent disruptive trading activity are applied uniformly to all shareholders. These actions, in the Board's opinion, should help reduce the risk of abusive trading in the Fund.

When financial intermediaries establish omnibus accounts in the Fund for their clients, the Fund reviews trading activity at the omnibus account level and looks for activity that may indicate potential frequent trading or disruptive trading. If the Fund detects potentially disruptive trading activity, the Fund will seek the assistance of the intermediary to investigate that trading activity and take appropriate action, including prohibiting additional purchases of Fund shares by the intermediary and/or its client. Each intermediary that offers the Fund's shares through an omnibus account has entered into an information sharing agreement with the Fund designed to assist the Fund in stopping future disruptive trading. Intermediaries may apply frequent trading policies that differ from those described in this Prospectus. If you invest in the Fund through an intermediary, please read that firm's program materials carefully to learn of any rules or fees that may apply.

Although the Fund has taken steps to discourage frequent purchases and redemptions of Fund shares, it cannot guarantee that such trading will not occur.

## HOW TO REDEEM SHARES

---

Shares of the Fund may be redeemed on any day on which the Fund computes its NAV. Shares are redeemed at the NAV next determined after the Transfer Agent receives your redemption request in proper form as described below. Redemption requests may be made by mail or by telephone.

**By Mail.** You may redeem shares by mailing a written request to Lyrical U.S. Value Equity Fund, c/o Ultimus Fund Solutions, LLC, P.O. Box 46707, Cincinnati, Ohio 45246-0707. Written requests must state the shareholder's name, the account number and the shares or dollar amount to be redeemed and be signed exactly as the shares are registered with the Fund.

**Signature Guarantees.** If the shares to be redeemed have a value of greater than \$50,000, or if the payment of the proceeds of a redemption of any amount is to be sent to a person other than the shareholder of record or to an address other than that on record with the Fund, you must have all signatures on written redemption requests guaranteed. If the name(s) or the address on your account has changed within the previous 15 days of your redemption request, the request must be made in writing with your signature guaranteed, regardless of the value of the shares being redeemed. The Transfer Agent will accept signatures guaranteed by a domestic bank or trust company, broker, dealer, clearing agency, savings association or other financial institution which participates in the Securities Transfer Agents Medallion Program ("STAMP") sponsored by the Securities Transfer Association. Signature guarantees from financial institutions which do not participate in STAMP will not be accepted. A notary public cannot provide a signature guarantee. The Transfer Agent has adopted standards for accepting signature guarantees from the above institutions. The Fund and the Transfer Agent reserve the right to amend these standards at any time without notice.

Redemption requests by corporate and fiduciary shareholders must be accompanied by appropriate documentation establishing the authority of the person seeking to act on behalf of the account. Forms of resolutions and other documentation to assist in compliance with the Transfer Agent's procedures may be obtained by calling the Transfer Agent.

**By Telephone.** Unless you specifically decline the telephone redemption privilege on your account application, you may also redeem shares having a value of \$50,000 or less by telephone by calling the Transfer Agent at 1-888-884-8099.

Telephone redemptions may be requested only if the proceeds are to be sent to the shareholder of record and mailed to the address on record with the Fund. Account designations may be changed by sending the Transfer Agent a written request with all signatures guaranteed as described above. Upon request, redemption proceeds of \$100 or more may be transferred electronically from an account you maintain with a financial institution by an Automated Clearing House ("ACH") transaction, and proceeds of \$1,000

or more may be transferred by wire, in either case to the account registration stated on the account application. Shareholders may be charged a fee of \$15 by the Fund's custodian for outgoing wires.

The Transfer Agent requires personal identification before accepting any redemption request by telephone, and telephone redemption instructions may be recorded. If reasonable procedures are followed by the Transfer Agent, neither the Transfer Agent nor the Fund will be liable for losses due to unauthorized or fraudulent telephone instructions. In the event of drastic economic or market changes, a shareholder may experience difficulty in redeeming shares by telephone. If such a case should occur, redemption by mail should be considered.

**Through Your Broker or Financial Institution.** You may also redeem your shares through a brokerage firm or financial institution that has been authorized to accept orders on behalf of the Fund at the NAV next determined after your order is received by such organization in proper form. These organizations are authorized to designate other intermediaries to receive redemption orders on the Fund's behalf. The Fund calculates its NAV as of the close of regular trading on the NYSE (generally 4:00 p.m. Eastern Time). Your brokerage firm or financial institution may require a redemption request to be received at an earlier time during the day in order for your redemption to be effective as of the day the order is received, in proper form. Such an organization may charge you transaction fees on redemptions of Fund shares and may impose other charges or restrictions or account options that differ from those applicable to shareholders who redeem shares directly through the Transfer Agent.

## Receiving Payment

The length of time the Fund typically expects to pay redemption proceeds is the same regardless of whether the payment is made by check, wire or ACH. The Fund typically expects to pay redemption proceeds for shares redeemed within the following days after receipt by the Transfer Agent of a redemption request in proper form:

- For payment by check, the Fund typically expects to mail the check within one (1) to three (3) business days; and
- For payment by wire or ACH, the Fund typically expects to process the payment within one (1) to three (3) business days.

Payment of redemption proceeds may take longer than the time the Fund typically expects and may take up to 7 days as permitted under the 1940 Act. Under unusual circumstances as permitted by the SEC, the Fund may suspend the right of redemption or delay payment of redemption proceeds for more than 7 days. When shares are purchased by check or through ACH, the proceeds from the redemption of those shares will not be paid until the purchase check or ACH transfer has been converted to federal funds, which could take up to 15 calendar days.

## **Minimum Account Balance**

Due to the high cost of maintaining shareholder accounts, the Fund may involuntarily redeem shares in an account, and pay the proceeds to the shareholder, if the shareholder's activity causes the account balance to fall below the Fund's initial investment minimum. Such automatic redemptions may cause a taxable event for the shareholder. An automatic redemption does not apply, however, if the balance falls below the Fund's minimum initial investment amount solely because of a decline in the Fund's NAV. Before shares are redeemed to close an account, the shareholder is notified in writing and allowed 30 days to purchase additional shares to meet the minimum account balance requirement.

## **Automatic Withdrawal Plan**

If the shares of the Fund in your account have a value of at least \$5,000, you (or another person you have designated) may receive monthly or quarterly payments in a specified amount of not less than \$100 each. There is currently no charge for this service, but the Transfer Agent reserves the right, upon 30 days written notice, to make reasonable charges. Call the Transfer Agent toll-free at 1-888-884-8099 for additional information.

## **Other Redemption Information**

Generally, all redemptions will be paid in cash. The Fund typically expects to satisfy redemption requests by using holdings of cash or cash equivalents or selling portfolio assets. On a less regular basis and if the Adviser believes it is in the best interest of the Fund and its shareholders not to sell portfolio assets, the Fund may satisfy redemption requests by using short-term borrowing from the Fund's custodian. These methods normally will be used during both regular and stressed market conditions. In addition to paying redemption proceeds in cash, the Fund reserves the right to make payment for a redemption in securities rather than cash, which is known as a "redemption in kind." Redemptions in kind will be made only under extraordinary circumstances and if the Fund deems it advisable for the benefit of all shareholders, such as a very large redemption that could affect Fund operations (for example, more than 1% of the Fund's net assets). A redemption in kind will consist of securities equal in market value to the Fund shares being redeemed, using the same valuation procedures that the Fund uses to compute its NAV. Redemption in kind proceeds will typically be made by delivering a pro-rata amount of the Fund's holdings to the redeeming shareholder within 7 days after the Fund's receipt of the redemption order in proper form. If the Fund redeems your shares in kind, you will bear the market risks associated with maintaining or selling the securities that are transferred as redemption proceeds. In addition, when you sell these securities, you will pay taxes and brokerage charges associated with selling the securities.

## **DIVIDENDS, DISTRIBUTIONS AND TAXES**

---

Income dividends and net capital gain distributions, if any, are normally declared and paid annually by the Fund in December. Your distributions of dividends and capital gains will be automatically reinvested in additional shares of the Fund unless you elect to receive them in cash. The Fund's distributions of income and capital gains, whether received in cash or reinvested in additional shares, will be subject to federal income tax.

The Fund has qualified and plans to continue to qualify as a regulated investment company for federal income tax purposes, and as such, will not be subject to federal income tax on its taxable income and gains that it distributes to its shareholders. The Fund intends to distribute its income and gains in such a way that it will not be subject to a federal excise tax on certain undistributed amounts.

Distributions attributable to ordinary income and short-term capital gains are generally taxed as ordinary income, although certain income dividends may be taxed to non-corporate shareholders at long-term capital gains rates. In the case of corporations that hold shares of the Fund, certain income from the Fund may qualify for a 50% dividends-received deduction. Distributions of long-term capital gains are generally taxed as long-term capital gains, regardless of how long you have held your Fund shares.

When you redeem Fund shares, you will generally realize a capital gain or loss if you hold the shares as capital assets. Except for investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or IRAs, and tax-exempt investors that do not borrow to purchase Fund shares, any gain realized on a redemption of Fund shares will be subject to federal income tax.

You will be notified by February 15th of each year about the federal tax status of distributions made by the Fund during the prior year. Depending on your residence for tax purposes, distributions also may be subject to state and local taxes.

Federal law requires the Fund to withhold taxes on distributions paid to shareholders who fail to provide a social security number or taxpayer identification number or fail to certify that such number is correct. Foreign shareholders may be subject to special withholding requirements.

Because everyone's tax situation is not the same, you should consult your tax professional about federal, state and local tax consequences of an investment in the Fund.

## **FINANCIAL HIGHLIGHTS**

---

The financial highlights tables are intended to help you understand the Fund's financial performance for the period of the Fund's operations. Certain information reflects financial results for a single Fund share. The total return in the table represents the rate that an investor would have earned on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been audited by the Fund's independent registered public accounting firm, BBD, LLP, whose report, along with the Fund's financial statements, is included in the Annual Report to shareholders, which may be obtained at no charge by calling the Fund at 1-888-884-8099 or by visiting the Fund's website at [www.lyricalvaluefunds.com](http://www.lyricalvaluefunds.com).
